

4th Annual Biker Service

Cliff's Notes

by Cliff Jenkins

Make your plans and invite all of your friends! Lay out your biker duds and keep your boots handy. Ride'um if you got'um! Sunday, September 27 is Biker Sunday at New Hope. With between 300,000 and 400,000 bikers coming to Northwest Arkansas the 23-26 we hope for a great crowd on Sunday morning. This is our 4th year and 4th Bike Giveaway. If you have been present for any of the others, you know that we need you on this one. Volunteer to be a helper that day. We have many positions from parking lot to pew where we will need your help. Donuts and coffee will be available. We also need for you to bring friends that day. Let's pack the auditorium! At the end of the service, someone in the room will win a new Suzuki Motorcycle and we will receive a love offering for the Juvenile Diabetes Research Foundation. Here's the really great news...everyone who is with us that morning will clearly hear the Gospel presented and have the opportunity to accept Jesus Christ as their Lord and Savior. This year, make Biker Sunday a priority and decide to bring a friend with you. It's going to be a great day!

Need More Time? Will that be Credit or Debit?

by Josh Jenkins

A man had a checkup and then went in to see his doctor to get the results. The doctor said he had bad news and worse news for him, which did he want to hear first? The man was a bit disturbed and said he'd rather hear the bad news first. The doctor said, 'the bad news is that you only have twenty-four hours to live.' At this, the man jumped up, totally flabbergasted and distraught. He paced the doctor's office and complained, 'Twenty-four hours to live? I can't possibly get my affairs in order that quickly. I can't believe this, it is incredible! What could be worse news than this?' The doctor said, 'The worse news is that I was supposed to tell you this yesterday but I forgot.'

My life is often such a blur of activity, that I forget the most important things. People often refer to "spending" your time on one project or another. I'm convinced that if we could charge "time" to a credit card to get more of it, we would...and we'd probably never be able to pay it back.

Matthew 6:33 says: "Your heavenly Father already knows all your needs, and he will give you all you need from day to day if you live for him and make the Kingdom of God your primary concern." It seems that the amount of demands and activities placed on the American family is growing exponentially, and that means that families are faced with some tough choices when budgeting their time.

As you make decisions about your time, and the time of your teenage student, do you first consider the Kingdom of God? God promises that when we remain focused on Him as the first priority in our lives, He will arrange our other obligations just as they should be.

Amazon Mission Update

by **Brandon Carroll**

I am very excited to give you an update from the Amazon. First, we are involved in a house church every Thursday night where we are going through the entire Bible teaching stories. Then on Monday and Friday nights we are doing more small group discipleship with some of the key people so they can start small groups in their homes. These groups are going well. The second thing I want to share is that David, our boat driver, is replicating this discipleship training in his village implementing the Bible stories. The group he started has now grown to more than 25 with new people being added almost weekly. We are now beginning to see a discipleship movement take place that completely amazes me. God is at work. Lastly, three days each quarter I will be teaching "Introduction to Missions" in Lima for Logos Bible College. Please pray for me as this will allow me to reach Peruvians at a national level, not only in the Amazon.

Montana Mission Update

by **Alan & Sarah Damron**

The new church start here at Haugan is well underway. The name has been changed from West Valley Chapel to New Day Fellowship. We completed our third week of "Walking Toward Church Membership" and have invited the initial participants to become charter members of the new church. It looks like we will have officially started with ten members. We are praying that the work here will move forward quickly. Overcoming the negativity of the past and the general lack of acceptance on behalf of the citizens here will require patient persistence. We are scheduled for repair of the fifth wheel in Missoula later this month and then "plant" the trailer next to the church and dig in for winter!

The new work in St. Regis has had some exciting developments. Last week Alan met the new superintendent who is a believer and very open toward helping us in the establishment of this new work. He has directed us to submit an application for use of the school cafeteria in which to begin the new work. We will meet Sunday afternoons for Snack Supper, Youth Bible Study, and Worship. This new church in St. Regis will also be called New Day Fellowship-St. Regis. Pray with us that God will send 2-3 couples who could help build the work.

4th Annual Biker Service September 27, 10:00 AM

When you arrive you may sign up for the new Suzuki C50. The drawing for the bike will be immediately following the church service.

Invite your friends. Someone's going to win!

We will receive a love offering that will go entirely to JDRF.
